

### FLAIL MOWER EURO MINI from 23 to 33 KW (30-45 KM)

Flail mower EURO MINI is a professional machine for green agriculture and public areas. It is ideal for cutting grass and bushes on abandoned, uncultivated land and other green areas, cutting material up to 4 cm in diameter. According to its technical characteristics, it is suitable for smaller tractors (Kubota, Iseki, AGT, Carraro & so on). Its light weight allows simple running and low power requirement. EURO MINI is equipped with hammers as standard, or Y-blades as an option. Rear discharge is behind the rear roller, protected with a rubber guard. Mechanical offsetting is standard equipment, while a hydraulic offsetting is optional. Special 3-point hitch with movable bracket on the top allows kombi - front or rear mounting with simple change of the position. The rotor is a double spiral rotor which gives a 45% distribution of working blades and requires less power whilst ensuring a fast work rate and great finish.

EURO MINI	 KW-KM	 cm	 cm	 rpm	 pc	 pc	 kg
130	23-27/30-37	129	147	540/*1000	36	18	270
150	27-30/35-40	145	163	540/*1000	40	20	300
185	30-33/40-45	184	203	540/*1000	52	26	344
